

KNOW YOUR
PET CARE
PROFESSIONAL

Pawesome Pals, LLC is owned by Deborah Griffin. Debbi has experience both professionally and personally caring for a wide variety of domestic pets. She has a special interest in timid or aggressive pets that other sitters have turned away and may not be right for doggie day care. She is a life long dog owner (over 35 years!) and is the current parent of three Airedale Terriers. Debbi has experience with large breeds such as German Shepherd Dogs, Golden Retrievers, Airedale Terriers and Boxers and also with adopted/rescued dogs that may have special needs. As an approved adopter of a 'special needs' GSD from the German Shepherd Rescue of New England, Debbi understands that forever homes value all kinds of pets and especially those that may have special health concerns. Debbi has also experienced parenting hamsters, various small birds & fresh water fish.

Debbi has obtained certification in Pet Safety / CPR through the American Red Cross as well as becoming a member of Professional United Pet Sitters and Pet Sitters International.

Our goal is to help your pets maintain routine & comfort by keeping them in their own environment when you go away. Additionally, we work with you to reinforce any training or address any behavior concerns. We will care for your pet just as you do in your absence!
